Your Baby's First Year Creatively Captured On A Custom Designed 10" X 30" Canvas Print

Dear New Parents,

Congratulations on your new addition to your family! Your baby will grow so fast and the first year will be FULL of BIG changes. Why not capture this time forever, before it's too late? The Baby's First Year Wall Panel from Randy Sartin Photography is the ideal keepsake.

Your baby's first year is the most important as the changes are absolutely incredible. We will photograph your baby at either 3, 6, 9, and 12 months or at newborn, 4, 8, and 12 months (your choice).

After we've created all four sessions, we will present you with a stunning custom designed 10" X 30" Canvas Gallery Wrap with four of your favorite poses and expressions of your baby's first year.

What Is The Baby's First Year Program From Randy Sartin Photography?

The Baby's First Year Wall Panel consists of FOUR high quality creative portrait sessions of your baby. These are not your typical portrait sessions...

The first thing you will notice is **we are not your typical studio** where you wait in line forever, only to be rushed through a five minute "sitting", and wind up not being happy with the results.

The difference is obvious and you will be amazed at the variety and quality of poses you get to choose from. Our goal is to capture your baby using the most creative, cutest, sweetest, and most endearing poses possible.

What Is The Baby's First Year Program From Randy Sartin Photography? (continued)

All of your photographs are available in color, black and white, sepia, or other processing techniques. We use only the softest and most flattering light to enhance and bring out your baby's features. Would you want it any other way?

It All Starts With The Baby's First Sessions

Newborn babies like to sleep and cuddle. They are little angels and make some of the nicest photographs because of these qualities. A little patience, timing, and creative posing will allow us to capture these moments.

We encourage you to tell us your ideas, we would love to hear them! Many parents are tired when they come in with their newborns, but are so happy once the first year is over to have these priceless memories.

Your baby's first session will convince you that you made the right choice for your baby's photography. Randy's easy going, relaxed, and creative style along with the absolutely stunning images he creates will prove this to you.

Your Baby Will Grow So Fast And The First Year Is The Most Important. Capture The Perfect Pose, Expression, And Angle Unique To Every Stage During This Time.

The real fun begins when your baby starts smiling those SO CUTE smiles. Your baby will grow a lot in their first year. The looks, expression, and mobility will be so different at each of the four sessions and you will not want to miss any of it.

When your baby gets a little older you will start to see BIG CHANGES. Between the ages of three months and eight, your baby will start smiling and sitting up, not to mention the expressions and those chubby little baby parts. It's a great age for expressions and props such as our washtub, antique boxes, and sports gear.

We Know Babies!

Do not be fooled by cheap imitation sessions. Many are rushed department store affairs that leave you spending more money for a product you are less that satisfied with. We strive to create a relaxing and fun environment for your session, one that actually has you excited about returning!

We understand that babies set the schedule for everyone involved and we have no trouble allowing time for feedings, diaper changes, etc. The studio is clean, warm, and comfortable.

When you bring in your baby for the Baby's First Year Wall Panel Program, you will get to choose which four sessions are best for you.

- 3, 6, 9, and 12 months
- Newborn, 4,8, and 12 months

The choice is yours, which would you choose?

After Each Session

- We will schedule a time, normally within a week or so, for you to return and view the images. At this time we will show you the images we prepared from the session, you will pick your favorite for the Wall Panel, and you will be able to purchase anything you like at this viewing session. You are not required to buy anything at this session, but we do offer a 25% discount on any prints purchased at this time for members of the Baby's First Year Wall Panel program.
- After the viewing session, we will schedule your next photo session.
- At the fourth viewing session we will have some samples of your customized 10" X 30" Gallery Wrap. With your input we will make any changes needed and place the order for it (please allow 3 to 4 weeks for printing and shipping).

Don't Forget The Guarantee...

Our Unheard of Guarantee: "We want you to be absolutely thrilled with your images! If you are not, we will whatever we can to correct the problem. If we are unable to meet your expectations, we will refund your money."
